

Rice: Will upmove falter @ \$16. Resistance?

Weekly: It appears Small Specs are fueling this latest rally!?

- Commercials record short! Meanwhile, Small Specs record long!!
- Note 'Fast Stochs' upside momentum waning and could be on the verge of turning down?
- Note \$16. Resistance in place since record highs of 2008.

Daily: (May contract).

- 'Stochs' have turned down.
- Spreads continue mired in downtrend and appear to have turned down again after recent bounce.
- 18 day MA providing near-term Support
