In certain circumstances we may be legally obliged to share your personal data and other financial information with respect to your interest in the Fund with relevant regulatory authorities such as the Cayman Islands Monetary Authority or the Tax Information Authority. They, in turn, may exchange this information with foreign authorities, including tax authorities and other applicable regulatory authorities.

The Fund's affiliates and delegates may process your personal data on the Fund's behalf, including with our banks, accountants, auditors and lawyers which may be data controllers in their own right. The Fund's services providers, such as the Administrator, are generally processors acting on the instructions of the Fund. Additionally, a service provider may use your personal data where this is necessary for compliance with a legal obligation to which it is directly subject (for example, to comply with applicable law in the area of anti-money laundering and counter terrorist financing or where mandated by a court order or regulatory sanction). The service provider, in respect of this specific use of personal data, acts as a data controller.

In exceptional circumstances, we will share your Personal Data with regulatory, prosecuting and other governmental agencies or departments, and parties to litigation (whether pending or threatened) in any country or territory.

Sending your personal data internationally. Due to the international nature of our business, your personal data may be transferred to jurisdictions that do not offer equivalent protection of personal data as under the Data Protection Legislation. In such cases, we will process personal data or procure that it be processed in accordance with the requirements of the Data Protection Legislation, which may include having appropriate contractual undertakings in legal agreements with service providers who process personal data on our behalf.

Retention and deletion of your personal data. We will keep your personal data for as long as it is required by us. For example, we may require it for our legitimate business purposes, to perform our contractual obligations, or where law or regulation obliges us to. We will generally retain your personal data throughout the lifecycle of the investment you are involved in. Some personal data will be retained after your relationship with us ends. We expect to delete your personal data (at the latest) once there is no longer any legal or regulatory requirement or legitimate business purpose for retaining your personal data.

Automated decision-making. We will not take decisions producing legal effects concerning you, or otherwise significantly affecting you, based solely on automated processing of your personal data, unless we have considered the proposed processing in a particular case and concluded in writing that it meets the applicable requirements under the Data Protection Legislation.

Your rights. You have certain data protection rights, including the right to:

- be informed about the purposes for which your personal data are processed;
- access your personal data;
- stop direct marketing;
- restrict the processing of your personal data;
- have incomplete or inaccurate personal data corrected;
- ask us to stop processing your personal data;
- be informed of a personal data breach (unless the breach is unlikely to be prejudicial to you);
- complain to the Data Protection Ombudsman; and
- require us to delete your personal data in some limited circumstances.

Contact us. We are committed to processing your personal data lawfully and to respecting your data protection rights. Please contact us if you have any questions about this notice or the personal data we hold about you.
