

USD_X: Daily (Nearest): Yet another blow to the greenback...

DXH26 - U.S. Dollar Index - Daily Nearest Candlestick Chart

- **Market Internals:** **Commercials** all but abandon their most pronounced long position (this past Autumn) in 15+ years! **Negative.**
- **'Stochs':** lead the way down and are not over-sold,
- **MFI:** especially weak.
- Macro **MACD:** rolling over,
- **ADX:** drops below 40: secular downtrend re-engaging...
